cromox®

THE NEW DIMENSION OF STAINLESS

LIFTING + NAUTIC 2022

## NEW cromox® LIFTING PRODUCTS

**cromox®**
**HOIST CCH – 200,**
Grade 60

- lifting/lowering loads in corrosive environments as a stand-alone unit
- 100% non-corrosive
- **NEW:** higher load capacity + advanced, patented sealing system

**cromox®**
**HOIST-TROLLEY CHT,**
Grade 60

- mobile trolley for trusses – use in combination with hoist
- made of premium-quality stainless steels = 100% non-corrosive

**cromox®**
**ROTOCONNECT CRC**

- connection combination
- numerous connection options for maximum flexibility
- higher load ranges + combinable with different hooks

**cromox®**
**SWIVEL LIFTING POINTS**
**CDAW,** Grade 60

- lifting gear for transporting machines
- easy handling/operation – high corrosion resistance – high load capacity
- **NEW:** expanded range of products with larger product sizes

## cromox® STAINLESS STEEL ANCHOR CHAINS AND STAINLESS COMPONENTS FOR SHIPS

The outstanding quality of our stainless steel chains and components has made us one of the leading manufacturers of stainless steel anchor chains and nautical accessories like stainless steel anchor connectors and shackles. We are particularly proud of the exceptional durability of our stainless steel anchor chains, which is regularly confirmed by both experienced sailors and accredited testing laboratories. Our anchor chains, anchor twisters and other products in the NAUTIC range are perfect for yachts, catamarans and sailboats as well as for use in the industrial maritime sector thanks to their first-class material quality.

For more detailed information on the cromox® NAUTIC product portfolio, please visit us @:
**https://www.ketten-waelder.de/en/products/nautic/**

**cromox® product range is the premium brand from Ketten Wälder GmbH and includes a wide variety of stainless products. The range can be divided into LIFTING, NAUTIC, CUSTOM, PLAY and TRADING segments. cromox® products are used in areas of application, wherever the highest demands are placed on the material.**

**NEW**

## cromox® CHAIN SLINGS,
Mechanically Assembled System with Shortener CVK

- lifting loads
- premium-quality stainless steel
- optimum flexibility to work
- in low-headroom applications
- **NEW:** chain slings can be shortened safely and quickly

## cromox® WELD-ON HOOK CSHF,
Grade 60

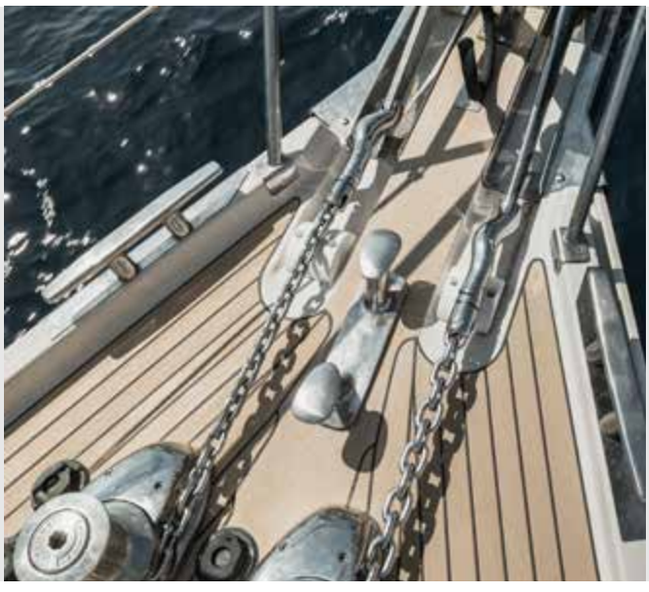
- stainless steel weld-on hook
- wide load-direction area
- highest corrosion resistance

## cromox® SELF-LOCKING EYE HOOKS QOSL, Grade 80

- lifting loads - use in combination with chains/cranes etc.
- self-locking design for enhanced operational safety
- **NEW:** higher grade at identical dimensions = higher load capacity at identical weight

## cromox® CHAIN QK, Grade 80

- lifting loads - use in combination with lifting accessories
- premium-quality stainless steel
- **NEW:** higher grade at identical dimensions = higher load capacity at identical weight



KETTEN WÄLDER
CHAIN-TECHNOLOGY

# cromox® – Stainless Steel Chains and Components

## Chain Technology – Made in Germany

With more than 75 years of technological knowledge and market experience, we offer you a wide product portfolio in the segments of LIFTING, NAUTIC, CUSTOM, PLAY and TRADING.

As one of the leading manufacturers of inox anchor chains, sling chains and components for lifting loads, we are particularly proud of the excellent durability of our stainless chains.

The selection of the highest quality materials, guaranteed by our Lloyds Register-certified laboratory, makes a significant contribution to the company's excellent reputation as a supplier of first-class stainless premium products.

Thanks to a large number of different stainless steel components and state-of-the-art machinery, we are able to offer the best solution for almost every customer requirement in the stainless steel product range.
